Engineering Work at Bineshii Business Park

July 11, 2019 – As part of the Bineshii Business Park Infrastructure Project, EXP Engineering Services will be conducting topographic surveys and geotechnical investigations of the proposed roadways over the course of the next eight (8) weeks.

This work may include cutting some trees to complete the survey, as well as boring holes as part of the geotechnical investigation.

Should you have any questions or concerns, please contact:

Michael Harney, Economic Development Manager
