

COMMUNITY NOTICE – COVID-19

Closure of Operations & Reductions in Programming

March 13, 2020 – The purpose of this notice is to provide an update on NFN’s activities to date related to the COVID-19 pandemic and to provide information on resulting community programming impacts.

Today, the decision was made to close Nibisiing Secondary School*, both daycare centres, NFN Library and Bingo operations and school bussing until April 5, 2020. ALL evening and weekend programming has been suspended until April 5, 2020 as well. This will be evaluated on a weekly (if not daily) basis.

** Classes at Nibisiing Secondary School will continue to be delivered online using Google Classroom.*

These decisions will have a significant impact on operations with the goal being to minimize the spread of COVID-19 per the instructions of public health professionals, including Canada’s and Ontario’s Medical Officers of Health. NFN’s Emergency Management Group will be meeting multiple times weekly going forward to monitor ongoing pandemic responses from other levels of government and plan accordingly.

Current Status

There are no current presumptive or confirmed COVID-19 cases within Nipissing First Nation. Information packages with health information are being delivered door to door today. Updates about programming and office closures will be provided through the NFN website, social media and community bulletin boards in the interim. All information being distributed will also be posted on the NFN website.

Chi-Miigwech to everyone for your patience and diligence during these extremely exceptional and uncommon circumstances. Please pay close attention to public health information and stay safe and healthy. Please contact the following people if you have questions in the following areas:
