

# COMMUNITY INFORMATION SESSIONS

## NFN CANNABIS LAW & POTENTIAL AMENDMENTS

NFN has invited the proponents of NFN's first legal cannabis retail operation (*Kana Leaf*) to meet with the community to discuss two potential amendments to the NFN Cannabis Law:

- 1 - consideration of lowering the age of purchasing cannabis to 19 years of age (from 21).
- 2 - consideration of allowing the purchase of legal edible cannabis products.

**NFN is facilitating these sessions for Kana Leaf owners to provide information to the community. Council and staff will listen to the discussion so that Council can make an informed decision about any potential amendments.**

**Other feedback methods will be provided and input will be accepted until March 23, 2020.**

**Wednesday, March 11 @ 6:30PM**
